Fleming County Hospital is proud to be a part of Fleming and surrounding counties. As a leader in our community, we strive to provide the highest quality care possible—both inside and outside our hospital walls—and are committed to our region’s overall well-being. By creating places where people choose to come for healthcare, physicians want to practice and employees want to work, we are creating a legacy of care for today and generations to come. Thank you for supporting our mission of Making Communities Healthier®.

— Brian Springate, *CEO, FCH*

## In 2018, we...

...added 27 employed and affiliated providers

**Inviting the best possible providers** into our community and supporting them is essential to ensuring access to high quality care. Last year, we added providers in several specialties, including surgery, radiology and anesthesia, and in our ER.

...made more than \$110,000 in capital improvements

**By continually investing in our facilities**, we’re helping to ensure that we continue to meet our community’s healthcare needs. Last year’s investments included an OR surgical table and a new sterilizer.

...distributed a payroll of \$7,789,481 to 118 employees

**We strive to create an environment** where talent is recognized, job satisfaction is valued and our employees can effectively use their skills to provide high quality care and service.

...donated more than \$1.1 million in services to those in need

**Delivering care to all of our neighbors**, regardless of their ability to pay, is foundational to our mission and our commitment to our community.

...paid \$277,454 in taxes

**We are proud to be a leader in our region**, and our dedication to ensuring fiscal responsibility extends both to our hospital and to our community.

**FCH** CEO Brian Springate and his family join in for some Breakfast with Santa fun.

**FCH** staff were ready to go “over the rainbow” for Track or Treat.
